RE: ACC's comments on Problem Formulations on Initial 10 Chemicals for TSCA Risk Evaluations and on Application of Systematic Review in TSCA Risk Evaluations

DATE: August 16, 2018

---

ACC has just filed on [www.regulations.gov](http://www.regulations.gov) our general comments on EPA's Problem Formulations for the Initial 10 Chemicals Identified for TSCA Risk Evaluations and on EPA's Application of Systematic Review in TSCA Risk Evaluations. I thought you might want an electronic copy of our comments today, rather than have to wait for them to be posted on regulations.gov. See attached.

If you have any questions about these comments, please direct them by email to [Suzanne\\_Hartigan@americanchemistry.com](mailto:Suzanne_Hartigan@americanchemistry.com) or by phone 202-249-6440.

Thank you,  
Sarah Brozena
